inspiring look of Isvea

ISVEA is bolder and more assertive than ever..

You are strong when you are yourself, you are brave when you find yourself. Taking action with this philosophy, ISVEA moves its 'inspiring bathroom' designs one step further by adhering to its Italian roots.

Inquisitive explorers who are passionate about what they do, reflecting their unique attitude, looking for different and more, are now in ISVEA.

artisan edition

As ISVEA, we love to add dimension and value to our collections, that's why we offer you Artisan Edition.

Artisan Edition comes to life with a design approach that aims to build a bridge between the past and the future.

This series, in which Minimal and Retro styles are harmonized together, appeals to those who enjoy living with the traces of the past in the modern world. Artisan Edition adds the value of handcraft to Isvea collections and brings you unique, stylish, distinctive bathrooms that harmonize craft and technology.

infinity collection

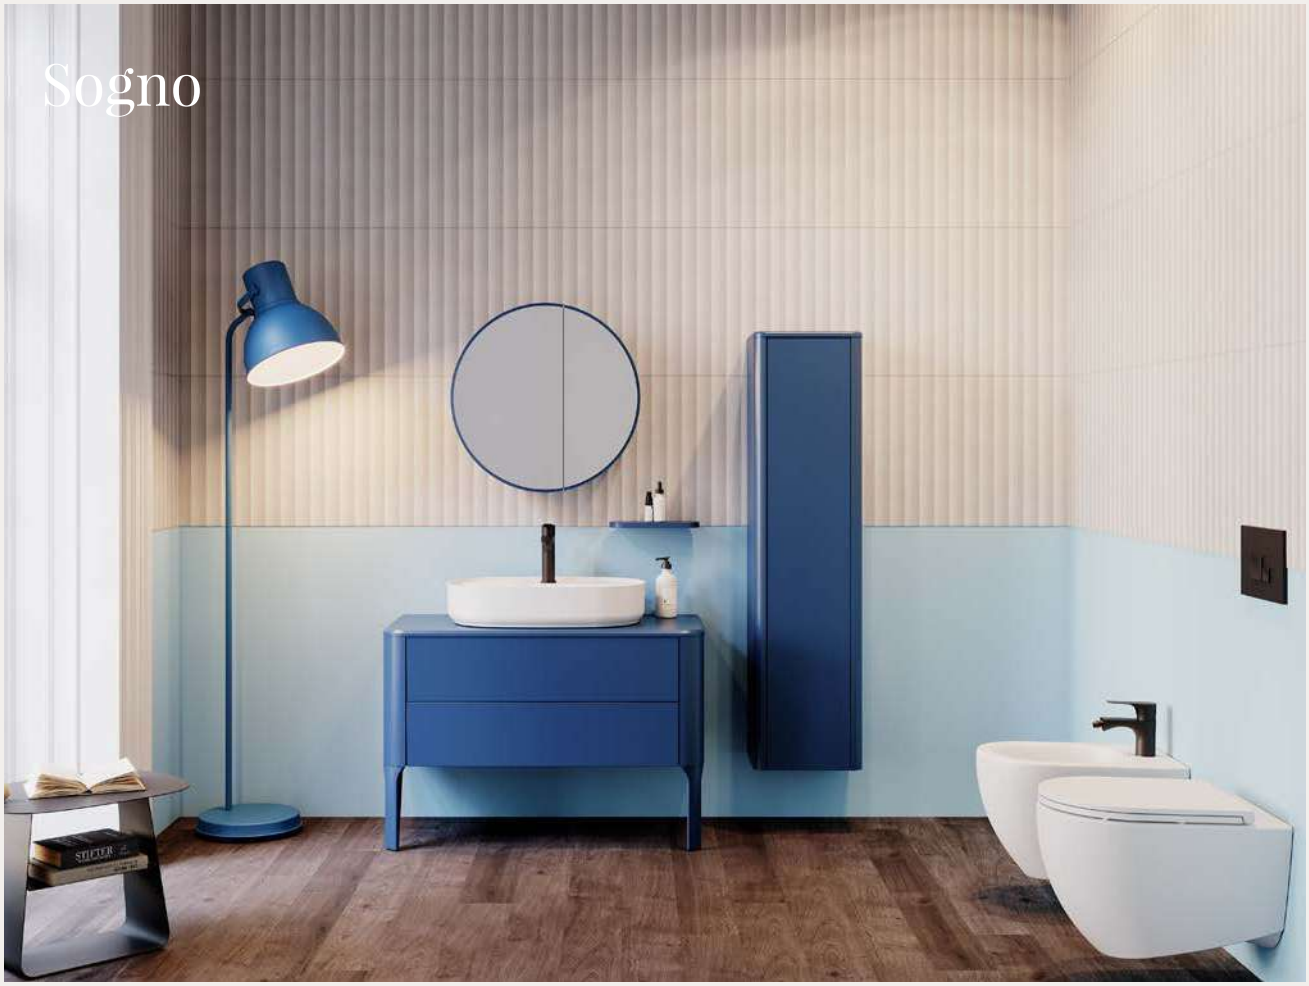

INFINITY collection, ISVEA's high-end design line, is designed for who seek freedom in bathroom design.

Infinity Collection envisions a perfect match approach that appeals color combination as well as modular structure. Emphasizing elegance as well as function in its design, Infinity Collection creates compatible plus sophisticated color palette with its bathroom furniture and sanitaryware range and wide module range.

L'architettura Italiana del Bagno

Italian Architecture at the bathroom, since 1962...

ISVEA has been founded by the Angelucci family in 1962, in the surroundings of Sant'Eusanio del Sangro at a distance of 200 km to Rome. It has started production as the 7th vitrified ceramic company of Italy.

Isvea had been carrying out activities as a characteristic Italian manufacturer in Italy, which is the leading country in the field of sanitary ware in the world. As a brand especially widespread in Southern Italy, it had been ranked among the first 10 manufacturers in the market.

VEA

VEA is an iconic design with a minimalism interpretation of retro memory... It creates a bridge between the past and the future.

The designer defines the VEA collection as "an inspiring original design combines soft lines inspired by the fluidity of water with sharp corners". Offering an alternative to the iconic colors of retro, night blue, ruby red and ocean green, Vea carries the traces of the past to today's bathrooms.

VEA basically calls to remember the past, its inspiration; An iconic design that draws from the harmony of contrasts such as past-future, city life-rural life.

IIsveArte collection offers unique designs that create trend through patterns applied on modern formed vessel basins.

The decorated basins of isveArte collection, produced with decorPlus technology, are resistant to the adverse effects of cleaning materials, time and environmental conditions by the help of special enamel application and thus remain shiny for years as in the first day.

SOTT'AQUA

re-designed by WAU Architetti

Sott'Aqua collection, meaning underwater world in Italian, takes its inspiration from nature and water. Inspired by the infinite wealth, the mystery and the serenity of the underwater world in the design process; the soft, fluid and pacifying forms of the underwater creatures come to life again.

VEA

VEA is an iconic design with a minimalism interpretation of retro memory...
It creates a bridge between the past and the future.
The designer defines the VEA collection as "an inspiring original design combines soft lines inspired by the fluidity of water with sharp corners". Offering an alternative to the iconic colors of retro, night blue, ruby red and ocean green.
Vea carries the traces of the past to today's bathrooms.
VEA basically calls to remember the past, its inspiration; An iconic design that draws from the harmony of contrasts such as past-future, city life-rural life.

INFINITY

INFINITY bathroom furniture, one of ISVEA's high-end design line, is designed for who seek freedom in bathroom design. While designing INFINITY, the Isvea design team envisioned a modular structure that can be shaped according to the usage area and needs for modern urban bathrooms.

Offering 6 different combination possibilities ranging from 80-150cm, INFINITY has two fully opening drawers, with a separator, in all washbasin modules. It offers the chance to choose with single-double bowl washbasins or vanity shelf washbasin alternatives. In all modules, 5mm sharp&slim Infinity series bowl basins with thin edges and ultraflat shelf washbasin family, designed by WAU Architetti, the Italian design partner of ISVEA, were preferred. With its side cabinet that can be used separately or in combination, tall cabinet with large storage volume, and led illuminated mirror, INFINITY offers the comfort and functionality needed in the bathroom.

Emphasizing elegance as well as function in its design, INFINITY completes its fuga matte lacquered drawers with brushed gold handles. INFINITIY, which has 6 different color alternatives, is fully compatible with ISVEA's sophisticated sanitaryware color palette ColorIsvea colors. Offering an alternative in color combination as well as its modular structure.

SOGNO

Sogno, the premium design lines of ISVEA, brings the appeal of rounded lines to modern bathrooms with a new interpretation of classical lines.

When designing Sogno, the ISVEA design team focused on blending design with the modern perspective of design. Sogno, which offers a compact and convenient experience with its 100cm size, with 5mm thin-edged sharp&slim Infinity basin, by the scope of WAU Architetti signature, which is the main partner of ISVEA. It is both useful and stylish with its two drawers with a non-slip floor plus an organizer and a mirror in the form of a storage room and a glass shelf. Thanks to its two fully automatic drawers and double mirror cabinet, it is used for all applications needed in a wide and full-length bathroom with glass shelves.

By the modern approach of its classic design and color range as amber, night blue, sand beige and anthracite matte lacquered, it is enlarged as a remarkable and practical object in the bathroom, rather than a piece of furniture.

RINATO

Rinato, one of the premium design line of ISVEA, blends retro lines with a modern design approach. While designing Rinato, the ISVEA design team aimed to bring a modern interpretation to the fuga technique of traditional woodwork.

Creating a useful countertop area thanks to its 120cm wide washbasin module with massive wooden counter, with 5mm thin-edged sharp&slim Infinity basin, designed by WAU Architetti, the Italian design partner of ISVEA. Rinato is functional with two wide drawers, including an organizer , plus a hidden drawer with a separator and a mirror cabinet with led lighting. Rinato offers everything needed in the bathroom with its both side top unit and tall cabinet with large storage volume!

Complementing the most "hype" shades of retro design; cream and pastel green matte lacquered body with shiny gold colored attractive handles,; Rinato shares an experience that is both stylish and timeless with its users.

PUNO

designed by WAU Architetti

W·A·U

ISVEA's upper segment design line Puno; It puts simplicity at the center by bringing a minimalist approach to retro lines.

Puno, consisting of a metal profile body and a lacquered shelf, offers two color options as black and white; and besides adding color to bathrooms thanks to Infinity series washbasins , signatured by ISVEA's Italian design partner WAU Architetti. Compatible with all modules, Infinity washbasins offer its users ten different colors and unlimited inspiration. Puno's matte white and matte black mirrors perfectly complement the minimalness of the design with their rounded thin radius.

LUCA

designed by Genesis Research & Design

Luca is a design that captures the warmth of wood with its sharp and thin-edged minimal lines.

Offering two different 100 cm framed modules and mirror alternatives to its users, Luca creates functional storage spaces with its tall cabinet that complements its design. Luca offers a useful bathing experience even in low light by integrated led lighting in both mirror and modules. Complementing its matte white and matte black body options with wooden textured drawers, Luca is for those who prefer a modern interpretation of wood in their bathrooms.
